

REMARKS/ARGUMENTS

Reconsideration of this patent application is respectfully requested in view of the foregoing amendments and the following remarks.

Claims 1-18, 20-29, and 31 have been previously canceled without prejudice.

The Examiner has rejected claims 19, 30 and 32-37 under 35 U.S.C. 112 second paragraph. Claims 19, 30, 32, 33 and 35 have been amended to overcome this rejection.

Support for these amendments is found in the drawings FIGS. 9 and 10 and in the specification on page 25 and on page 26 lines 1-12.

In conclusion, claims 19, 30, 32, 33 and 35 have been amended, claims 19, 30, and 32-37 and remain in the application. The Examiner has indicated that the remaining

claims would be allowable if amended to overcome the above identified rejections. It is respectfully submitted that the current response is a sincere attempt to overcome the above rejections. Early allowance of the remaining claims is respectfully requested.

Respectfully Submitted,

/William Collard/
